Keeping cotton waste inside engine cabin

SOMETIMES AFTER WIPING ENGINE CABIN WE MAY FORGET WIPING CLOTH OR COTTON WASTE INSIDE THE ENGINE CABIN

ENGINE CABIN GETS HEATED WHILE THE ENGINE IS IN WORKING CONDITION AND THIS MAY IGNITE THE CLOTH LEFT CAUSING FIRE

I RECOMMEND NOT LEAVING ANY CLOTH OR COTTON WASTE INSIDE ENGINE CABIN AFTER CLEANING

Hi... I am T- SHIELD...

I BRING TO YOU PROACTIVE EDUCATION THAT MINIMIZES YOUR WORRIES ON CAR MAINTENANCE AND UNWANTED COSTS

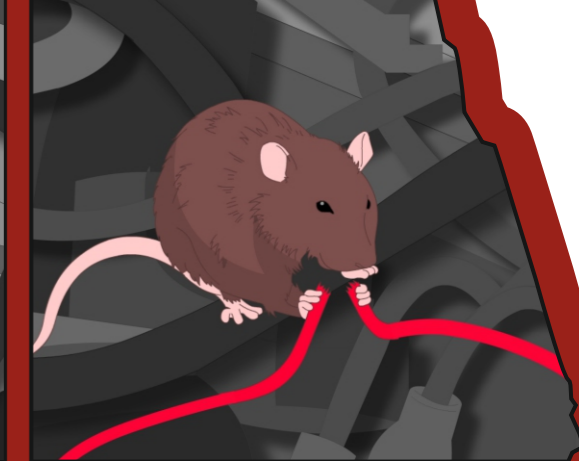

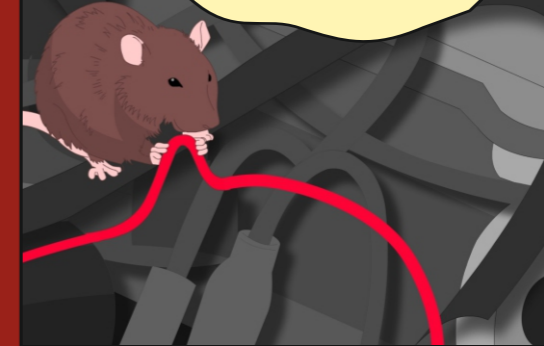

A BRIGHT SUNNY DAY, YOU ARE ON A LONG DRIVE...

YOU NOT KNOWINGLY PARK YOUR CAR WHERE YOU FIND SPACE AND ON DRY GRASS

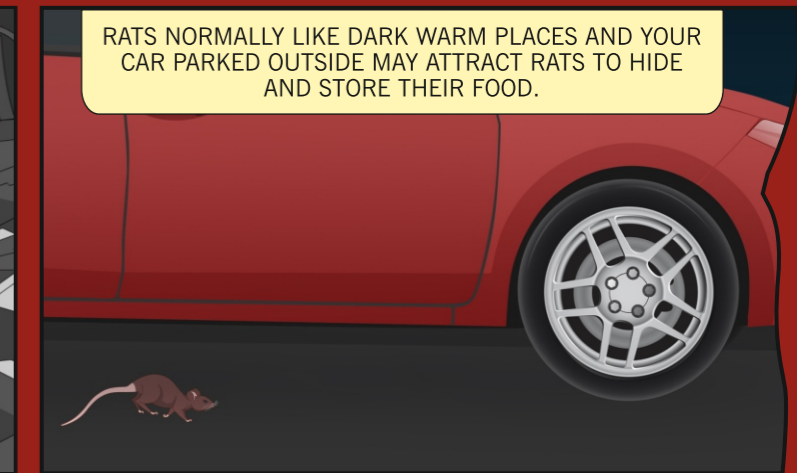

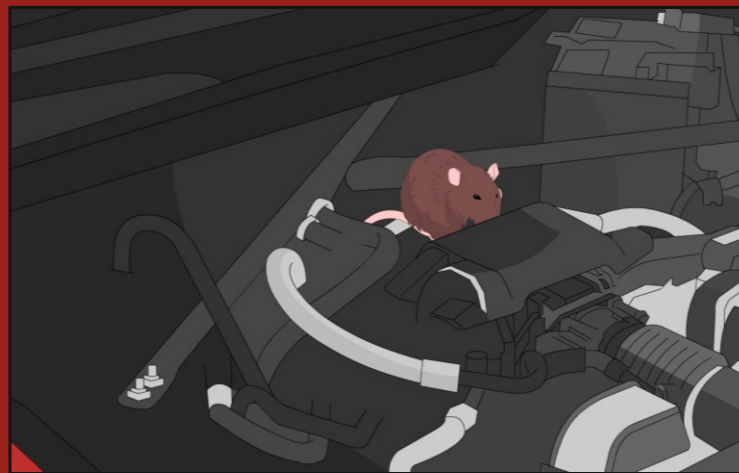

I SHALL GUIDE YOU ON HOW TO AVOID DAMAGE TO YOUR CAR CAUSED DUE TO RODENT ATTACKS

DRY GRASS AND DEBRIS EASILY CATCH FIRE FROM THE HOT EXHAUST OR SILENCER CAUSING FIRE TO YOUR CAR DAMAGING IT SEVERELY

RATS NORMALLY LIKE DARK WARM PLACES AND YOUR CAR PARKED OUTSIDE MAY ATTRACT RATS TO HIDE AND STORE THEIR FOOD.

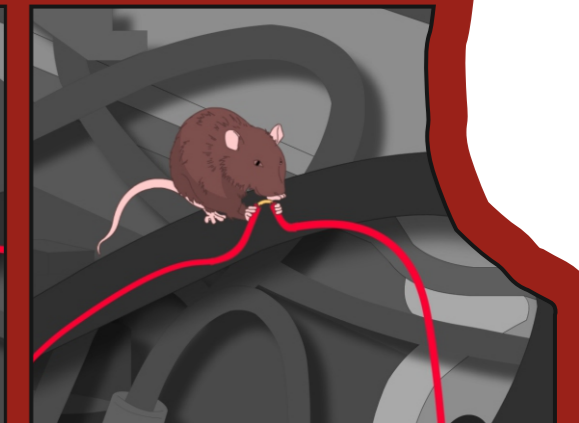

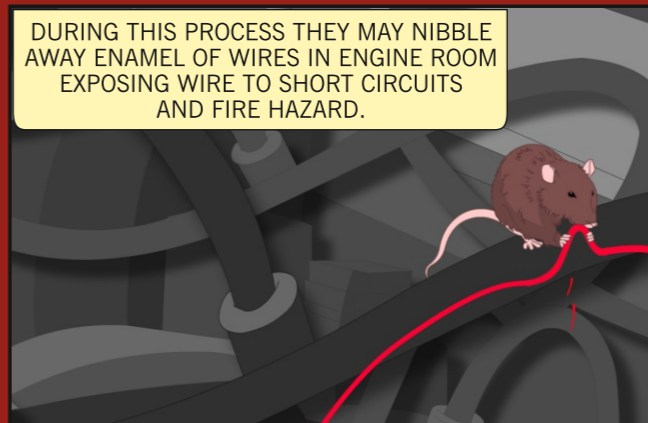

I RECOMMEND YOU NOT TO PARK YOUR CAR ON DEBRIS OR DRY GRASS

DAMAGES OR FIRE IN SUCH SCENARIOS CAN BE REDUCED IF WE ARE CAUTIOUS

DURING THIS PROCESS THEY MAY NIBBLE AWAY ENAMEL OF WIRES IN ENGINE ROOM EXPOSING WIRE TO SHORT CIRCUITS AND FIRE HAZARD.

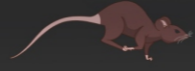

THEY MAY ALSO DAMAGE OTHER PARTS OF ENGINE ROOM AFFECTING PERFORMANCE OF YOUR CAR.

TO PREVENT RAT ENTRY INTO CABIN OF CAR, KEEP AC KNOB IN RE-CIRCULATION MODE WHEN THE VEHICLE IS PARKED

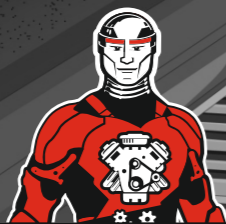

RATS MAY ALSO ENTER CABIN AND DESTROY EXPENSIVE INTERIORS OF CAR.

I RECOMMEND THE FOLLOWING PRECAUTIONS TO PROTECT YOUR CAR FROM RODENT RELATED DAMAGES:

DO NOT PARK VEHICLES CLOSE TO DRAINS, GARBAGE DUMP OR UNTIDY AREAS AS THESE ARE THE PLACES WHERE RATS STAY.

ALSO CLOSE ALL THE DOORS AND WINDOWS COMPLETELY WHEN VEHICLE IS PARKED

DO NOT LEAVE ANY FOOD INSIDE THE CAR, AS RATS GET ATTRACTED TO FOOD SMELL.

LITTLE CARE CAN GIVE US PEACE OF MIND & SAVE HUGE ON COST

CARS ARE ONE OF THE VALUABLES WE POSSESS,

WHICH IS ALSO TARGETED BY THIEVES!

A PARTIALLY CLOSED CAR WINDOW MAKES IT EASY FOR THE THIEVES TO OPEN THE DOOR

EVEN THE VEHICLES WITH BEST ENGINE IMMOBILIZER SYSTEM REQUIRE SOME KEY PRECAUTIONS TO PREVENT THEFT

FOLLOWING ARE THE CONDITIONS WHICH NORMALLY HELPS THIEVES TO EASILY STEAL YOUR VEHICLE

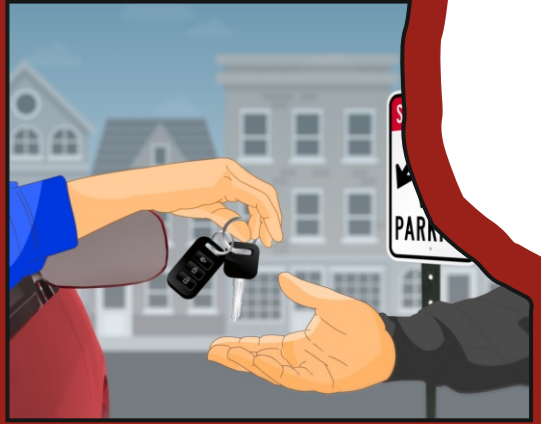

PARKING VEHICLE IN UNPROTECTED AREA OR IN POOR VISIBLE AREAS MIGHT INCREASE THE CHANCES OF THEFT

COPYING SECRET CODES FROM MASTER KEY AND USE IT LATER TO STEAL YOUR CAR

I RECOMMEND THE FOLLOWING PRECAUTIONS TO MINIMIZE CHANCES OF THEFT OF YOUR CAR.

DO NOT GIVE MASTER KEY DURING VALET PARKING, VEHICLE SERVICING OR TO ANY 3RD PARTY.

GIVE ONLY SUB KEYS TO AVOID DUPLICATION
